

RINOX

MASONRY & ALTERNATIVE MASONRY

Collection

The beauty of
INNOVATION

Discover the Rinox Group

The Rinox Group is a collection of three different companies that offer a variety of products for the exterior of your home. The ultimate goal for the Rinox Group is to create beauty in all aspects of the home. They offer complete services to achieve your dream projects using durable and high-quality products.

Rinox has given itself the means to continue to grow. It's the customers who inspire the company to surpass itself and develop products that will meet their expectations.

Rinox group

Rinox - Concrete products manufacturer

Rialux - Aluminum siding

Aquarino - Inground fiberglass pools

OUR DIVISIONS

RINOX CELEBRATES 25 YEARS

**LOYALTY
CREATIVITY
EXPERTISE
GROWTH
INNOVATION**

25 years

A family story

Rinox's success is largely based on the innovation and creativity shown by its founders, Horacio Correia and Rosa Ciccarello. They have anchored within their business the importance of family. Today their four children proudly participate in the evolution of the family business.

In addition, they are proud to pursue growth through the various activities of the Rinox Group, which now includes 3 divisions, 5 manufacturing facilities and over 100 distribution centers. They would like to highlight the expertise and remarkable loyalty of their employees, clients and partners throughout the past 25 years.

Thank you for being part of the big Rinox family.

From left to right, Maria Correia, Sabrina Correia, Horacio Correia, Rosa Ciccarello, Jessye Correia, Bobby Correia.

1997—2022

Then

Manufacturing A Passion

In 1997, they were only five to start the manufacturing business.

Today, the company is fortunate to be able to count on its many dedicated employees. It is the synergy of these passionate people that contributes to the expansion of the Rinox Group.

See our team in action.

1997—2022

Now

Style

Recognized for its avant-garde products, Rinox has made it its mission to consistently and accurately respond to constantly changing market trends. Its colossal products are undoubtedly the most remarkable and the most appreciated by customers.

Patents

Rinox has developed several unique and innovative products with patents. Inventions that facilitate installation and allow customers to have exclusive and superior products.

Warranty

Rinox stands out for the quality of their products and their 25-year Exclusive protection warranty. Unique in the industry, Rinox is proud to offer a Limited Warranty protection that guarantees Rinox concrete products including the installation.

Technology

RinoXtrem technology enables the production of exceptionally durable and ultra-vibrant, color-fade resistant products. A unique technology that stands out in the industry because the color is found throughout and within the product.

At Rinox, we offer concrete products whose components are stable and calibrated to perfection. Our aggregates come from a single location, which allows for precise and constant formulas for each of our colors.

Local

Rinox products are made in Canada and are accredited with the Well Made Here logo. This program encourages the purchase of quality building materials and Canadian-made items for the residential market.

- Violie

Masonry

- ✓ Bricks & stones :
Installation with mortar.
Approximate thickness 3 9/16 ”
- ✓ Exterior :
Residential, commercial,
municipal, institutional.
- ✓ Climate :
Harsh

Alternative masonry

- ✓ Bricks & stones :
Installation with glue.
Approximate thickness 1 1/2 ”
- ✓ Interior & exterior :
Residential, commercial,
municipal, institutional.
- ✓ Climate :
Temperate to harsh

Exterior Interior

Did you know that the Rinox Masonry collection offers several equivalents in the Alternative Masonry collection?

It is therefore possible to create designs on the exterior siding and continue them inside for an exceptional and unique effect.

Exterior masonry :
Londana
Color: Amaretto

Aluminum siding :
Rialux Tiago
Color : Ebony

Alternative masonry fireplace :
Campagnard

Linea system

Innovative system

After extensive research, Rinox designed and patented an avant-garde system that facilitates thin veneer installation.

Each piece is manufactured with spacers. The spacers allow for the creation of joints with a naturally constant width, without having to use other techniques normally used to maintain a uniform space between the stones.

The spacers must be installed one on the other in order to have the exact measure needed to create the joints.

Elegant accents

Opt for a Rialux aluminum siding to create aesthetic and distinguished accents. The combination of Rialux and Rinox products is perfect for a pergola, pool house or shed. In addition, this is an ideal solution to enhance an outdoor shower because the aluminum panels do not rust.
